

### Remarks

Claims 11, 16, 31, 32, and 51 are amended. Claim 50 has been cancelled. Claims 11 – 16, 18, 22 – 33, 35 and 51 - 55 are pending in the application. No new subject matter is added. Applicant requests reconsideration.

### Rejection under 35 U.S.C. § 112

Claims 11 – 16, 18, 22 – 33, 35 and 50 – 55 have been rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. To the extent that this rejection may be maintained with respect to the pending claims, it is respectfully traversed.

The Office Action objects to the definition of R<sub>7</sub> and R<sub>8</sub>, which states “are independently O, S, NR<sub>26</sub> or N”. The Office Action states:

“However, R<sub>8</sub> is a member of a ring system which has a double bond attached to it and a single bond attached to it within the ring. It is unlikely that R<sub>8</sub> could be NR<sub>26</sub> or O without a charge being present because in both cases the heteroatoms will have too many bonds attached to them. R<sub>7</sub> is a member of a ring system which there are two single bonds attached to it and it is unlikely that R<sub>7</sub> could be a N atom because it will not have enough bonds attached to it and would require another bond to be attached to the N atom. Appropriate correction is required. (See Office Action at page 3 full paragraph.)

Applicants disagree. A person of skill in the art would know which groups would work and which would not work as R<sub>7</sub> and R<sub>8</sub>, respectively. However, in order to expedite the allowance of this application the definitions of the R<sub>7</sub> and R<sub>8</sub> terms have been separated.

Applicants respectfully request that the rejection under 35 U.S.C. § 112, second paragraph be withdrawn.

### **Claim Objections**

Claims 11 – 16, 18, 22 – 33, 35 and 50 – 55 have been objected to as containing non-elected subject matter. To the extent that this rejection may be maintained with respect to the pending claims, it is respectfully traversed.

As amended, the claims (claim 11 is independent and claim 50 cancelled) are presented and limited to the elected subject matter. Accordingly, it is respectfully requested that the claims pass to issue.
